**Executive Director's Review – Case Number 002-016LAXSP for the Landside  
Access Modernization Program at LAX**

The Stakeholder Liaison's Office (SLO) appreciates the opportunity for an Executive Director's review for the proposed Project. Comments submitted to the SLO are intended to provide guidance to LAWA's Executive Director regarding the Project and should be incorporated into the Executive Director's Report.

Prior to issuing a grading permit, building permit, or use of land permit for the proposed project, the Los Angeles City Council must grant an LAX Plan Compliance (LAXPC) approval pursuant to the LAX Specific Plan (Sec. 7.F.2). This approval will be based on recommendations from LAWA's Executive Director and the Board of Airport Commissioners. The Executive Director's recommendation will be provided in a written report, which will include the results of LAWA's consultation with the LAX Stakeholder Liaison. The public review period provides an opportunity for stakeholders to provide comments and identify concerns that will be considered by the Executive Director when making recommendations on the proposed project.

On December 28, 2016, the Stakeholder Liaison's Office (SLO) received a request for an LAX Plan Compliance Review for the LAX Landside Access Modernization Project. Notification of an LAX Plan Compliance Review process was then published online at [www.ourlax.org](http://www.ourlax.org) and electronically mailed to over 3,500 stakeholders registered to receive notifications on [www.ourlax.org](http://www.ourlax.org), [www.connectinglax.com](http://www.connectinglax.com), and [www.trumpia.com](http://www.trumpia.com). In addition, notification was also sent to tenants at Los Angeles International Airport (LAX) via electronic mail (email). The public review period ended February 2, 2017. No written comments for the LAMP LAXPC Executive Director's Report were submitted.

Attached to this report (Exhibit 1) is a copy of the notification emailed to the public. If you have questions and/or need additional information, please do not hesitate in contacting the Stakeholder Liaison's Office at (800)919-3766 or (424) 646-5185.

Sincerely,

Brenda Martinez-Sidhom  
Stakeholder Liaison's Office

LAMP

# PUBLIC HEARING

## for the LAX Landside Access Modernization Program (LAMP)

Please join the City of Los Angeles, Department of City Planning, and Los Angeles World Airports for a Public Hearing regarding the LAX Landside Access Modernization Program (LAMP). The public hearing will allow you to meet key staff for the project, who will be there to answer questions. **Most importantly, the hearing will allow you to make public comments about the project entitlement requests.**

### About LAMP

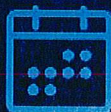

The Landside Access Modernization Program (LAMP) consists of a series of projects to improve the LAX passenger experience, relieve congestion, and enhance LAX's status as a world-class airport. These improvements include:

- > An elevated, 2.25-mile Automated People Mover System
- > Two Intermodal Transportation Facilities with parking areas allowing for drop-offs and pick-ups from vehicles, buses, shuttles, taxis and ride-sharing services
- > A Consolidated Rental Car Facility which will combine the rental car agencies into one location
- > A comprehensive series of roadway improvements to alleviate traffic congestion in and around airport facilities
- > Connecting LAX with Metro's proposed Airport Metro Connector Station, to be located at 96th Street/Aviation Boulevard

WHERE WHEN WHAT

Department of City Planning  
Hearing Officer Hearing for LAMP

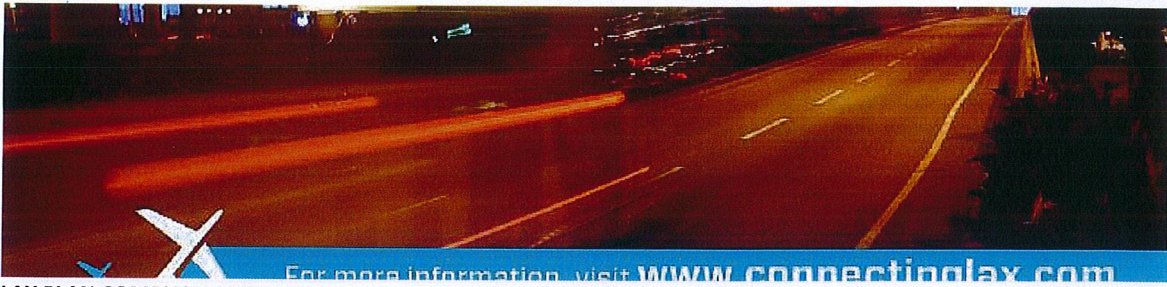

Thursday, February 2, 2017  
5 pm - 6 pm Project Workshop  
**6:00 pm - 9:00 pm  
Public Hearing**
